Head of Pfizer Research: Covid Vaccine is Female Sterilization

« Previous / Next »

Health & Money News / December 2, 2020 / News

The vaccine contains a **spike protein (see image) called syncytin-1**, vital for the formation of human placenta in women. If the vaccine works so that we form an immune response AGAINST the spike protein, we are also **training the female body to attack syncytin-1**, which could lead to infertility in women of an unspecified duration.

Dr. Wodarg and Dr. Yeadon request a stop of all corona vaccination studies and call for co-signing the petition

2020NEWS

On December 1, 2020, the ex-Pfizer head of respiratory research **Dr. Michael Yeadon** and the lung specialist and former head of the public health department **Dr. Wolfgang Wodarg** [filed an application with the EMA](#), the European Medicine Agency responsible for EU-wide drug approval, for the **immediate suspension of all SARS CoV 2 vaccine studies, in particular the BioNTech/Pfizer study on BNT162b (EudraCT number 2020-002641-42).**

Dr. Wodarg and Dr. Yeadon demand that the studies – for the protection of the life and health of the volunteers – should not be continued until a study design is available that is suitable to address the significant safety concerns expressed by an increasing number of renowned scientists against the vaccine and the study design.

[Oxford – Designer of Covid Vaccine Admits –“Vaccine Will Only Sterilize %70 of The Population”](#)

[StarGate TV Series Warned Us In 2001 About the Vaccination Disaster Facing Us Today](#)

On the one hand, the petitioners demand that, due to the known lack of accuracy of the PCR test in a serious study, a so-called **Sanger sequencing** must be used. This is the only way to make reliable statements on the effectiveness of a vaccine against Covid-19. On the basis of the many different PCR tests of highly varying quality, **neither the risk of disease nor a possible vaccine benefit can be determined with the necessary certainty**, which is why testing the vaccine on humans is unethical per se.

Furthermore, they demand that it must be excluded, e.g. by means of animal experiments, **that risks already known from previous studies**, which partly originate from the nature of the corona viruses, **can be realized**. The concerns are directed in particular to the following points:

- The formation of so-called **“non-neutralizing antibodies”** can lead to an exaggerated immune reaction, especially when the test person is confronted with the real, “wild” virus after vaccination. This so-called **antibody-dependent amplification, ADE**, has long been known from experiments with corona vaccines in cats, for example. In the course of these studies all cats that initially tolerated the vaccination well died after catching the wild virus.
- The vaccinations are expected to produce antibodies against spike proteins of SARS-CoV-2. However, spike proteins also contain **syncytin-homologous proteins**, which are essential for the formation of the placenta in mammals such as humans. It must be absolutely ruled out that a vaccine against SARS-CoV-2 could trigger an immune reaction against syncytin-1, as otherwise **infertility of indefinite duration could result in vaccinated women**.
- The mRNA vaccines from BioNTech/Pfizer contain **polyethylene glycol (PEG)**. 70% of people develop antibodies against this substance – this

means that many people can develop allergic, potentially fatal reactions to the vaccination.

- The much too short duration of the study does **not allow a realistic estimation of the late effects**. As in the narcolepsy cases after the swine flu vaccination, millions of healthy people would be exposed to an unacceptable risk if an emergency approval were to be granted and the possibility of observing the late effects of the vaccination were to follow. Nevertheless, BioNTech/Pfizer apparently submitted an application for emergency approval on December 1, 2020.

CALL FOR HELP: Dr. Wodarg and Dr. Yeadon ask as many EU citizens as possible to co-sign their petition by sending the [e-mail prepared here to the EMA](#).

After a little research it turns out that Syncytin-1 is also present in sperm, so it's not only Women that will be sterlised but Men as well.

Only for US citizens to sign? Why? Surely when Britain is the first country to roll this out, as early as beginning of next week! As we are still under the Court of Human rights, as conceded as part of Brexit, could we not appeal there? Please advise. Thank you.

Make our chief health officer and all parliamentary staff including both prime minister morrison and Anthony Albanese roll up their sleeves and demonstrate how safe the vaccine is and no placebo and I may consider whether or not I'll risk having the vaccine or just let Mother Nature take its course. No more bullshit please, we're not stupid sheep and we live in a democratic country. Let's pray that people wake up to the agenda at hand before we lose what our fathers and forefathers gave their lives to protect. This is clearly about the new world order and agenda 21 so we need to all wake up and be aware what's actually happening!

If you look at the murals in the Denver airport there is one with women with stillborn or miscarriage babies all over the place. This COVID-19 is all about reducing population and consolidation of global power. Its jot mandatory yet so tell everyone you know not to take it.

We all know this contrived nonsense has nothing to do with a virus. It never has been. Johnson along with other 'so called' world leaders has signed up to the global reset, thus betraying the human race.

Please note that syncytin protects against Toxoplasma infection from mother to child. Also note that all Covid symptoms and pathology is mirrored in acute toxoplasmosis.

The claims on Sterilisation ought to encourage mainstream media to publicly question the politicians of every country who maintain a virus is needed before it is made available.

A word of critic to honorable Dr and the his supporters.

If you claim a risk to infertility in women, why don't you simply call to exclude girls and fertile women from the vaccine?
As you surely know, Medicine has treatment that are usefull but not recommended to young women.

It seems very uncredible that a scientist(?) uses that argument to call to avoid ALL Covid vaccin and calls to stop vaccine

STUDIES.

I think one does not need to be a Dr to see the logical flaws here.

The fact is almost all girls and women of fertile age wouldn't become very ill with covid. The stats very clearly show this. I know, I am an ICU nurse.

The vaccine is only going to help prevent severity of symptoms, not stop any spread of the virus.

In my view, not being a scientist or a medical doctor, having nearly the entire year researching this COVID-19 issue and other matters we simply need each on its own and yet combined act

to centre upon politicians of any country as to lock them out from services, such as garbage collection, plumber, maintenance and other services. Once you make this personal to them then you perhaps might get the message they better start considering the interest of the community they are to serve as otherwise they will themselves be denied services. It is only if we can do this as a worldwide campaign that we may see politicians less interested in betraying their constituents and more interested to actually represent their constituents interest. COVID-19 might be the name of a disease but it must be considered what really causes the problems. And like Legionnaires Disease it might be that the real culprit might be a bacteria using the virus as a vehicle to cause harm. So address the bacteria would be the way to go.

..sterilization by vaccination is a long standing practice
 ..researched on "wild horses" made sterile the discovery was that injection with pig ovary cells was enough to trigger a 85 sterility in male and female wild horses ...though the effect waned and in further research if 4 shots with a year in between 94 % of the horses became sterile for life ..and they did get the wild horse extinct as a "bonus" from all that "hard serious (warefare) research".. ..vaccines of all times is pure "degenerating your pure blood" ..blood is supposed to be pure ..vaccine fraud dot com might enlighten you to the limit of scaring the pants off of you ..i encourage you to take the scare ..truth is higher than "bull shit fairy tale stories of moder witch craft" called "medicine"

What do we need a vaccine for ? There is yet to be proof of a new deadly virus or “ a new deadly disease” An injection that causes genetic mutation and creates antigens for immune reactions is criminally insane.

These vaccine makers are criminally insane fraudsters .

Quite simply not possible to develop such a thing in the time taken. They have been developing a vaccine or the last lot for 17 years, and not got one yet.

Simply don't take the poison, is is NOT a valid vaccination.

The public may be sheep for you & all this Covid19 drama is scare you create to ensure roll out of fraud fake *Vaccines* which are high on mercury & pharma companies cant be sued for results of vaccinations & *Digital currency* This is the game its chess being played and rest is all drama & All you educated scientists, Bill gates (Rockerfellow), Gates foundation, Clinton global, Anthony Falchi, Pharma giants, Mosanatos, Bayers. Please stop killing people for ur greed. Bill Gates stands exposed and shall go down in history as the most greedy conniving man. Just to sell his pharma companies vaccine!!! Indian, African, healthy eating habits and thus strong immune systems exposed his ploy. They create the fear and then provide the solutions just like the Balckmailers in Police and enforcement agencies. Create problem then try to help and make money.
